Ibrahim Hakki Pasha lived between the years 1863 and 1918. He was a scientist who lectured in the schools such as The Faculty of Political Sciences and The Faculty of Laws. He served as a legal advisor to the Ottoman Government and during this mission, he took charge in a lot of commissions dealing with political, judicial and financial issues.

Besides, he served as an ambassador at Rome and Berlin after he ran The Ministry of Internal Affairs and Education. In 1910, he was appointed as Grand Vizier and during his office, he travelled to Europe with the intention of recovery and treatment which attracted attention as a different portrait of a Grand Vizier. He died while he was ambassador at Berlin in 1918. He was buried in the Cemetery of Yahya Efendi
